OHIO RIVER TRAFFIC STIFLED BY ORDER OF FEDERAL BODY

Col. Lansing Beach Says Interstate Commerce Commission Greatly Injured River Interests.

Washington, December 3-Ohio River traffic has been stifled as a result of a recent order by the Interstate Commerce Commission directing that railroads should not pro-rate with the stsamboat lines, dselared Coionei Lansing H. Beach, of the army engineers, in a special report transmitted to Congress today by Secretary of

Coionel Beach said the policy of the Interstats Commerce Commission against pro-rating practically put the Pittsburg and Cincinnati Packet Company out of business overnight.

The report recommended that the practice of pro-rating bs restored, and urged legislation ordering the Interstate Commerce Commission to compsl all carriers, whether operating by rail or water, to issue through bilis of isding and to prescribs terms for pro-

B. F. CLIFT DIES AT HOME IN COUNTY AFTER LONG ILLNESS

One of the Best Known Men In Mason County-Writes Dwn Obituary For Publication in the Public Ledger Telling of Aelive Life.

Mr. B. Frank Cifft died at his home on the Clift pike this morning at 9 'ejock after an iliness of several onths. Several months ago he was tricken with paralysis but seemed to cams worse and steadily sank until he end came.

Mr. Clift was 85 years of age and robably the best known man in the ounty at this tims. For years he purchased esttle in this and all adjoining counties and was for many years Supsrintendent of the Maysville and Mt. Sterling turnpike and later when the ounty took over the pikes was Couny Road overseer for some tims.

He was naturally one of the most brilliant men in this section of the stats; an extensive reader and a very successful manager for after having nanaged bis father's sstate left with heavy debt, hs was able to gather several hundred acres of the best land in Mason county.

He is survived by one son, Mr. Eizie Clift, of East Second street and Mr. Stanton Clift, of Market street, is a grandson. Funeral will be held at Mayslick 1:30 p. m. Thursday.

The following sketch was written by Mr. Clift himself only a few weeks ago I had moved to with my parenta 1836 and turned over to his friend, Mr. Harry C. Curran for publication in the Public Ledger at his death:

B. F. Clift, the subject of this sketch

was born December 18th, 1833, moved with his parenta, Honsley and Margaret Clift, to the home he now occupies. Hensley Cift, his father, died January 26th, 1857, left a will with request that his son, B. F. Clift assist his mother as administratrix of his will which was to scrve ten years, at which time he supposed his young est child would have received an education equal to bis older children; his father leaving three sets of children two by first wife, three by second wife and six by the last wife. B. F. Clift being second child, 17 years old past December. By the will his wife was to pay his debts which was eighteen hundred dollars, by the saic of land or Negroes, as we chose. We assumed the debts and paid them in the ten years and accumulated \$6,000 for her and \$3,000 for himself. B. F. Clift married December 20th, 1855, to Columbia Berry. His wife continued to ive with her father until March, 1858, marriage. B. F. Clift bought of Simmon Ford 44 acres grounds, log cabin on same and had \$300 in money to pay \$1600. The following October with my management, only lacked \$300 of being able to pay all. From that I commenced to grow.

My mother and I on January 26th put up the farm of 178 acres and the Negroes under the will exposed same to blokest and best bidder. She and buying the farm at \$63 per acre. and the last. The Negroes, four of thom, bought by my mother. My mother dying May 17, 1861.

The following November I exposed

ne land and Negroes to Public Sale. The Negroes brought cost. B. F. Clift bought no Negroes but bought the land at \$50 per acre. Well so much for his early life. I was then trading in live stock. In 1874 B. F. Clift and B. A. Wallingford rented late in the season the siaughter and packing house for hogs in Maysville of Abner Hord & Co. for one year and killed and packed hogs. Sold out early, made very nice money. Clift-Wallingford rented the house for the next year. increased the size of the firm and . number of hogs killed, sold out and made very nice money. Next year year with an organized company bought and rebuilt the Pork House. Borrowed \$200,000 and packed hogs at \$7 per hundred gross. I was sent to Richmond, Virginia, to sell meat to customers we had there and made nice saie, making money, but meat had advanced after I left Richmond. One of the firm when I arrived home said I had lost because I had not got the advance. I cailed the firm and proposed to seil out to them. They laughed at me. One of the firm offered mo \$500 less than cost for the building. I sold and when the business was wound up I lost \$3600 more on the product. But it releaved B. F. Clift of an interest in a firm that in one year broke almost all the rest. B. F. Cifft came out of the Pork House and was using it to buy land. In 1881 both my boys got married. I let one of them have 180 acres of land. The

other, he end his wife lived with

for two years. I then let them have 200 acres, each of them paying ths taxes and keeping ail balance proceeds. In 1883 C. B. Pearce and Edward Pearce of Flemingsburg, esme to ms to take charge of Mnysville and Mt. Sterling Turnpike Road and said that it was \$8,000 in debt and worn very badiv. With one provise I took charge and that was I was to have absolute control. I took charge in 1883 and made it a better road than it sver was and kspt it so until it was sold to the county in 1898. The stock advanced from \$8 per share to \$50 and was worth the price.

In 1889 July 11, my wife died. In November, same year, my daughter got married and moved to Mayeville. and in August 1890 I married. E. J. l'ced, iived on the home farm all this time, increased in acreage to 230.

In 1895 the last day of January 1 bought property, gave up my home farm of 230 acrss to my daughter, Mrs. Worthington; had increased my son's, W. E. Clift, farm to 200 acres and my son, Johnny, to 200 acres. Neither of my children paying anything for the use of said land except the taxss. In 1905 my last wife died leaving a will with a codical in which she devised ail of hsr property to me so long as I lived. The day she died she requested me under promiss to give up some of ber beneficiaries become very hard up for the needed heip. Her father's estate had left her \$8,000. In 1907 I gave hairs under her direction \$9,000. Hance I have never been the beneficiary from any source in my lifs of gifts except about \$2000 received from my father'a estate ten vears after his death. In 1912 when my son, Johny, died I feit compeiled to ceme back to my old bome where and left my daughter 1885, sho having died 1907, to spend my remaining days of old age with furrowed cheeks and whitened locks, but thank the Lord for good eye sight and clear nind. To my old home where I spent ny youthful days under the watchcare of as good a mother I am psrsuaded as ever feli to lot of any chiid. In 1850 l became a member of the Mayaick Bnptist Church, hence I am now the oldest living member, the only one hat was old enough to take a very

GENTENARY OF M. E. CHURCH

One of the mightlest movements of any protestant church is the Joint Centenary Movement of the Methodist Episcopal churches of America. Ths year 1919 marks the first century of Methodist missions. In honor of this great event a celebration of vast proportion is planned. During the next fivs years the Methodist Episeopal Church alone is to give 80 million of dollars for the forwarding of the great missions of the church at bome and curoad. A few years since this largs sum of money would have staggered the church. But since we have gotten used to talking in terms of billions the church feels that it can safely go after the needed 80 millions, preparatory to the main celebration which is to take pisco in Columbus, Ohio, during next June and July the whole church will be thoroughly organized. A glance at the outlines of the organization for each local church will give

soms idea of the thoroughness of the organization. The Third Street Church of this elty is already looking forward to this mighty movement. The pastor, Rev. W. S. Peters has been honored by belng made district chnirmnn of Minute Men of the Ashland District by appointment from Bishop Anderson of Clucinnnti. This will make bim a busy man. In addition to organizing his own church he will be the moving spir-It of the organization of the entire district which extends from Maysville to the headwaters of the Big Sandy country. Rev. Peters has selected the fol-It wing for the Local Centenary Council of the Third Street Church: H. C. Pollitt, Carl Dodds, J. H. Richnrdson, Mlss Violet Graham and Miss Virhinla Mae Hurd. This committee will proceed to organize the church aceording to the plan given below. The first public meeting will be a Watch Night service the night of December 31st. From that date on the public and especially the Methodist public will hear much of the Centenary.

I. The Pastor and the Centenary: The Pastor should

- Inform himself about the Centenary.
- Appoint and organize Methodist Minute Men. Organize Local Centennry Council.
- In cooneration with the Council.
- (a) Complete organization of local church forces by Mohillzntlon Week, Jnnuary 5-1... 1919. (b) Conduct thorough educational enmpaign January, Feb-
- (c) Carry through the Four Weeks' Stewardship eampaign.
- (d) Plan to reach or exceed the Centenary financial goal (Local Church Literaturo Packet contains full instructlons.)

II. The Local Church Council:

- 1. Composed of at least five strong, representativo members, ehosen by the pastor with great eare.
- 2. In churches of more than three hundred members, a council member ahould be added for every fifty additional ehurch In a elreult, there should be a Council for each appointment.
- The Chairman and Secretary of the Council should be laymen The pastor is ex-officio a member and will give every possible
- 6. The Secretary of the Connell will act as the literature secretary, to secure Centenary literature and supplies from the Centenary headquarters and distribute to the local eburch
- 7. Frequent meetings of the Connell should be held for prayer and conference. III. Duties of the Connell:
- 1. Divide the members and constituents of the church into Units
- of not more than thirty persons each Select a competent leader for each Unit. -Conduct the Four Weeks' Stewardship Campaign. (See "How
- to Organize the Stewnrdship Movement.")
 Inaugurate and earry on an educational eampaign. (See edu-

TOBACCO CROP IS SAID TO BE A RECORD BREAKER

Production of Weed In United States the Past Summer Is Largest in History-Quality Is High.

The tobacco crop of the United States grown the past summer promises to be recorded as a record-breaktics placing the total production at I,-266,686,000 lbs., which is an increase over last year's crop of 70,235,000 pounds, or slightly more than 6 per csnt. The 1917 crop of tobacco was the largsst ever grown up to that year. The estimated production for 1918 ls also 1,234,000 lhs. greator than the estimate based on the condition of the crop on Octobor 1.

The heavy yield an acre is one of the greatest contributing causes to the large production of the current year, the average for the United States belng placed at 871.8 lbs., which is an inerease of 55.8 lbs., over the tsn-year averags, and an incresse of 53.6 lbs. over the 1917 estimate.

The quality of the 1918 crop is sald to he high, being estimated at 1.1 per cent. over that of last year. Reports from the New England States Indicate an almost perfect crop, whils Wisconsin, ons of the largest clgar leaf sections, ranked nearly as high. In the great tobacco producing state of Kentucky the yield will be 38,430,000 lbs., iess than last year, with the quality

slightly inferior.

Over Three Times Pre-War Shipments Required-Situation in Wheat and Fats Proves Government's Policy Sound.

With the guns in Europe silenced, we have now to consider a new world food situation. But there can be no hope that the volume of our exports cun be lightened to the slightest degree with the eessation of hostilities. Millions of people liberated from the Paussian yoke are now depending upon us for the food which will keep them from starvation.

With food the United States made it possible for the forces of democracy to hold out to victory. To insure democracy in the world, we must conthrue to live simply in order that we may supply these liberated autions of Europe with food. Hunger smong a people lnevitably breeds anarchy. Last year we sent 11,820,000 tons of food to Europe. For the present year, with only the European Allies to feed, we had originally pledged ourselves to a program that would have increased our exports to 17,500,000 tons. Now, to feed the liberated autions, we will have to export a total of not less than 20,000,000 toas-practically the limit of loading capacity at our ports. CHAMBER OF COM-MERGE ELECTS NEW OFFICERS FOR YEAR

Captain Horace J. Cochran Is Chosen President of Business Men's Organization With a Capable Corps of Assistants-Secretary Dodds Tells of Outlook.

The annual meeting and banquet of the Maysville Chamber of Commerce which was held last evening at the St. Chariss Hotel was a great success. Bosides enjoying a splendld feast of good things to eat prepared by Col. Charles Rhomiller, those who attended heard severnl enthusinstic addresses and choso a very capable lot of officers for the new year just boginning.

The chief address of the evening was made by Hon. Geoffrey Morgan, ebief of the County Agents of the Stato of Kentucky and representative of the Federal government in agricultural extension work in this state. Mr. Morgan spoke on the co-operation of the farmer and the business man which is absolutely necessary to the welfare of both and greatly praised organization and especially such an organization as the Maysville Chamher of Commorce which brings togethfact ry and the men of the farm on a common plane to study and soive and in which all are vitaliy interested. Mr. Morgan's address will remain frosh with those who attended for time to come. All are anxious to hear hlm again on a similar topie.

Several of the members made five talk iaunched a movement that mny mean the establishment ln Maysville of a County Cluh room for the benefit of the young men of the county and as a fiving memorial to the brave Mason the jate world war. This suggestion of Mr. Wood would include the city and county and it seemed to be the opinion of the majority of the business mon present that such a memorial would be much better than the erection of a stone monument. The business men thought so well of the suggestion tbnt on motion it was ordered that the president appoint a committee to not in connection with the commlttee chosen by City Council and present this plan.

The other talks were filled with enthusiasm and plainly showed that the speakers were wido nwake to the accomplishments and the opportunitles of the Chamber of Commerce while the applause of the auditors demonstrated that all were boosters.

The election of officers was nn intereating part of the meeting and the following men were enosen to direct the destinies of the Chamber through the new year:

President-H. J. Cochran. Vice President-George A. Dodson. Treasurer-N. S. Calhoun.

Director of Industrial Affairs-S. P. Browning.

important to budget activities for the new year as it is to make up a financlal budget.

There were many fine suggestions received from the referendum circulated recently, such as-Rest Room for the county women. Improve roads and shipping facilities. Help interest farmers in ralsing thoroughbred slock. Extend and improve county teiophono system. Support work undertnken hy Couaty Ageat. Endeavor to create new additions for building sites for rosidences. Moro factorles. Create sentiment to brick West Second street from Wall to Rudy's grocery, between car tracks. Credit rating

As we look iato the future in an endeavor to pinn the work for another year, we see many things we would ike to do. We would especially like to obtain closer co-operation between the merchants of our city. Many of the young men have gone to the army and the older men iato government work, so it will be necessary for some mighty hard work in an endeavor to keep the usual amount of business

passing through our channels of trade. We have in mind the need of solvng such problema as: Clean up unslghtly spots. Park and playgrounds. Public comfort station, War gardens Industrial promotion. Better merchandizing and home trading. City benutifying. Clty planning. Public recreation. Taxation. Develop community spirit. Public morais, Corn er t'e men of the shop and store and snd Tobacco Fnir. Agricultural cooperation. Public utilities co-operation for best service. Co-operative the rexing problems that face them all delivery. Publicity for city. Credit Bureau. Chamber of Commerce building. Traffic Bureau. Merchanta' trade trlps.

I would feel disappointed if some new thought, some new ideas were not stirred up withln you after having minute talks. Mr. J. B. Wood In his heard this report, showing the opportunities for work in advancing the interests of our fair county.

Take these suggestions seriously Turn them over ln your mind. Add your thoughts to them and present county men who have had a part in them to the new officers with nn of for to help solve them. We have ni most one hundred per cent. financial response. Let us have a one hundred per cent, response from the members desiring to help solve the problems that we must face in the new year.

We cannot dodge the issue. The county that puts in 100 per cent. effort will likely reap 100 per cent, reward. There's not a member of the Chamber of Commerce, not a citizen of Mason county but would like to see Mason county step forward. But the county ean't exceed the pace set by the citizens. Many a progressive worker has falled in his eadeavors beeanse he has tried to supercede puhlie sentiment.

The horse and earriage are ai groomed, hitched and ready for service. In other words, your organization was never in better shape, better organized and ready to do some real hig work for the advancement of the county, in which we believe in, than

MAYSVILLE AN-**NOUNCES** A

For the past soveral years we have operated n Christmas Club which apparontly met the needs of a great many people desiring to save money for some special purpose. This money has niways been returned to the depositor shortly before Christmas and interest has been added to the account, If all deposits were made promptly during the year on the dates specified on the cards. This rule beeame necessary owing to the difficulty of calculating interest on small deposits. Any member of a Christmas Club falling behlad in his payments, which were du cench week, received a check at the maturity of the club for the total amount which he had paid in-but no interest. This has always seemed unfnir to us. For Instance, if a member of the club, beenuse of slekness or for financlai reasons had been, of necessity, compelled to drop behind In his weekly payments but had later on in the club year made up the delinquent payments, he received at the end of the year a check covering only the nctual amount paid in.

Another objection to a Christmas Club, to our mind, is that no one ls permitted to withdraw any money which they have deposited until the end of the club year. There are people, for instance, who would prefer to have their money in the summer time for a vacation, rather than at Christmns time. Often there mny be slekness in the family and in some cases it is a hardship not to be able to get your money when needed. During Liberty Bond campaigns members of Christmas Ciubs have had to borrow to pny for their bonds until they got their Christmas eheeks.

We have overcome all these difficulies this year with our "All the Year Savings Books." You can deposit one dollar or more at any time. You do not have to make deposits on days fixed for you but nt any time that suits your convenience. You may deposit onco a week, once a month or oace a year, or you may only make one deposit and never may more and you can withdraw your money at any tluewhenever you want it. We will pay in terest at 3 per cent, per nnnum, payable semi-annually, on the first days of July and January on all savings deposits then in bank which have remnined on deposit for one month or nore. We will compound this interest if it is left on deposit. We will give you a cloth bound book instead of a card. These books wlii show all deposits and withdrawais, and your balance in bank, every time a depostt is made. These books are about 314 Inches wide and 51/2 inches iong and are much more convenient to carry than a large Christmas card in an en-

Our advice to ali ls to begin to save NOW while wages are high. The government has released men from work at the great plants at Ancor, Ohio, and Vitro, W. Va., who have been making nore money than they over earned before in their lives. Let us hope hat they are prepared for adversity. Capitalize a portion of your present oarnings and thus prepare for the time when in the natural course of eventa your earning capacity shall tomporarily or entirely cease. The more a man works, the moro essential It la for him to save, if he is to get the real good for his labor. You are no exception. You ought to suve even on general principles, and you can't toli how soon you will be very glad you have.

On Thursday, December 5th, we will bogin distributing checks to all members of our 1918 Christmas Club and extend them and all others desiring to join the great army of savers, a cordial Invitation to avali thomselves of

FUEL ADMINISTRATOR RESIGNS HIS POSITION

Dr. Harry Garffeld Gives Up Coal Controllers Position to Return to Hend of College.

signation. This was announced to- is, in their opinion, entirely proper. night at the White House.

"It was announced at the executive to take effect at the pleasure of the mestie consumers will continue to reeeive the attention of the Fuei Administration until the winter is passed."

The correspondence between the President and Dr. Garfield was not made public, nor was there any infernation as to when the resignation becomes effective or whether a successor to Dr. Garfield will be named.

It is understood that Dr. Garfield plans to remain at his post the remainer of this month, but that after the holidays he will resume his dutles as president of Williams College. It is assumed that he resigned at this time so that the President could act In the matter before his departure for Europe

The White House statement made It clear that the Fuei Administration will continue to function, certninly until the end of the winter. Dr. Garfield himself annonneed receatly that he hoped to be able to remove price restrictions and possibly the zone regulations on bitmaiaous coal about the middle of this month but that eonirol over the domestic supply of antracite would be continued until the end of the coal year next April 1.
